

**2006-2007  
Swallow Union Goals**

**Goal #1**

To improve student learning by strengthening instructional practices and programs, and using performance data to assess student progress in the area of reading

**Goal #2**

To build a reading spirit throughout the school community

**Goal #3**

To improve student's ability to interpret and answer open response questions in the area of Math

**2007-2008**

**Goal #1**

To improve student achievement in literacy by developing teacher understanding of best researched based practices in a balanced literacy program

**Goal #2**

To strengthen our master schedule that will allow for more teacher collaboration time, uninterrupted blocks of time, and making better use of the time allotted during the day

**Goal #3**

To improve student's ability to interpret and answer open response questions in the area of Math

**2006- 2007  
Prescott School Goals**

**Goal #1**

By 2007, all students will make academic progress in all subject areas, and will meet or exceed established academic standards in English/Language Arts and Math

- *Objective A:* To enhance mathematical skills through problem solving, reasoning, communication, and real world connections by strengthening math units in grades K – 4, resulting in improved student performance
- *Objective B:* All grade level teams will develop and implement one new curriculum unit in science or social studies as defined by the revised Massachusetts State Frameworks
- *Objective C:* To provide ELA resources for all Prescott students so there is equity across the district in spelling and classroom support literature

**Goal #2**

To support the physical, social, mental and emotional health of the whole student

**Goal #3**

To address the growing needs of an old building and work with the district and the town to improve the facility

**Goal #4**

To provide a technology rich environment with reliable and up-to-date equipment and software, in which students demonstrate knowledge and apply grade appropriate technology skills

**2007- 2008  
Prescott School Goals**

**Goal #1**

To enhance mathematical skills through problem solving, reasoning, communication, and real world connections by strengthening math units in grades K – 4, resulting in improved student performance

**Goal #2**

To improve student writing, focusing in on topic development as measured by the district writing rubric

**Goal #3**

To support the physical, social, mental and emotional health of the whole student

**Goal #4**

To address the growing needs of an old building and work with the district and the town to improve the facility

**Goal #5**

To provide a technology rich environment with reliable and up-to-date equipment and software, in which students demonstrate knowledge and apply grade appropriate technology skills

**ECC - Boutwell**

Please note that the Early Childhood Center at Boutwell does not have a School Council in place yet to establish the goals. When the council is in place, the goals will be established and posted.

**2007-2009  
Florence Roche  
SIP Goal Statements Draft**

**Math**

**Goal:** To improve student understanding of math concepts studied and apply that understanding to solve mathematical problems

**Goal:** To improve student mastery of basic facts and math skills appropriate to grade level

**Writing**

**Goal:** To improve student ability to write with a clear focus, coherent organization, and sufficient detail appropriate to the audience and purpose for writing

**Objective:** Students will independently demonstrate understanding of idea development, organization, word choice, voice, and sentence fluency in their compositions

**Reading**

**Goal:** To improve the ability of students to analyze and interpret fiction and nonfiction genres and provide evidence from text to support their understanding

**Objective:** Students will independently apply reading strategies that lead to higher level thinking (e.g., making predictions, asking questions, making connections, visualizing, inferring, and synthesizing)

**Technology**

To include the integration of technology with instruction to enhance student learning

**2007-2008  
Groton-Dunstable Regional Middle  
School Goals**

**Goal #1**

Clarify expectation and create an environment where students are actively building mathematical understanding, resulting in measurable growth in student learning

**Goal #2**

Continue to create a school community, which promotes respectful and responsible actions by all in an enthusiastic, engaging environment

**Goal #3**

Will clarify and re-define ELA expectations for learning and create an environment where students are actively building literacy skills resulting in measurable growth in student learning

**2007-2008  
Groton-Dunstable Regional High School  
Goals**

**SIP Goal**

To improve methods of communication among all members of the school community, to include parents, students, staff, and community members

**SIP Goal**

To increase students' capacity to have a meaningful voice in determining school policy, promoting a positive school climate, and in shaping the future of GDRHS

**SIP Goal**

To integrate technology into the curriculum to improve student learning

**2006-2007  
Superintendent's Goals**

**Goal #1**

To raise the level of achievement for all students

**Goal #2**

To support the collective efforts of school committee

**Goal #3**

To improve the performance of the Administrative team

**Goal #4**

To promote the use of technology to enhance teaching and learning

**Goal #5**

To provide mentorship to Interim Director of Business and Finance

**Goal #6**

To improve the safety and security of staff and students

**Goal #7**

To expand communication efforts and accessibility

**2006-2007  
School Committee Goals**

**Goal #1**

Support the development and execution of the superintendent's and district's goals including improved achievement for all students and integration of technology into the curriculum

**Goal #2**

Create and implement a policy plan that includes review of policy and implementation of policy priorities

**Goal #3**

Strengthen relationships with constituencies by clearly defining roles, relationships, and expectations for community, municipal officials, Administrative Council and staff, School Councils, and each other

**Goal #4**

Continue taking an active role with groups such as Massachusetts Association of School Committees (MASC) and state legislators to advocate for public education

**2007-2008  
District Goals**

**Goal #1**

To support the development of the whole student

**Goal #2**

To retain and support quality staff

**Goal #3**

To provide and maintain facilities which serve the needs of students and fulfill the district's stewardship responsibility
